PRESIDENT'S NEWSLETTER

Dear USS Savage Reunion Association members, families and friends;

The importance of gathering as an Association like we have done historically as the USS Savage Reunion Association is that we are able to share common experiences and a reestablish our unity as one that cannot be truly experienced in any other way. The excitement of gathering once again in Fredericksburg as an Association has driven our planning committee to create a reunion agenda that will be one to remember. For those of you who will not be able to attend for one reason or another, we certainly understand. Please know that each person that served aboard the USS Savage, and their families are always on our minds and celebrated for their contributions and service.
